Miami-Dade County (Ret.)

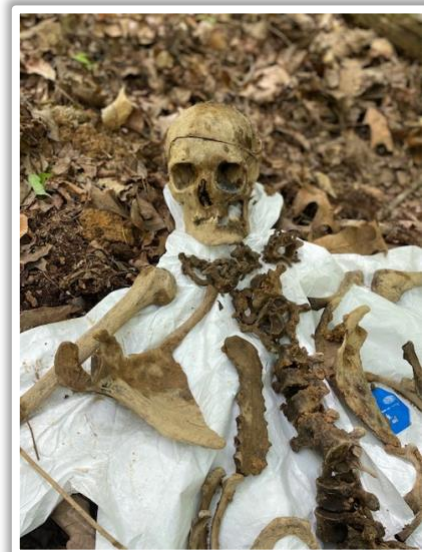

Death Investigations 80-hour certification course

The two-week Death Investigations course is directed by Criminal Investigations Training Group, which is dedicated to bringing the latest in training to law enforcement investigators, headed by former Miami Police homicide detective, Freddy Ponce. The team in this course is comprised by top notch instructors and professors in their field, not limited to Gail Levine, Esq. retired, major case prosecutor at Miami-Dade State Attorney's Office and former Chief Medical Examiner, Dr. Emma O. Lew at Miami-Dade County Medical Examiner's Office.

Components of the course

Crime Scene Investigations

The investigators will be instructed on procedures and handling of the homicide scene. Evidence identification and collection as well as crime scene mapping, sketching and forensic photography. In addition, the investigators will be working with the Medical Examiner and understanding the procedures of handling bodies and the postmortem examination.

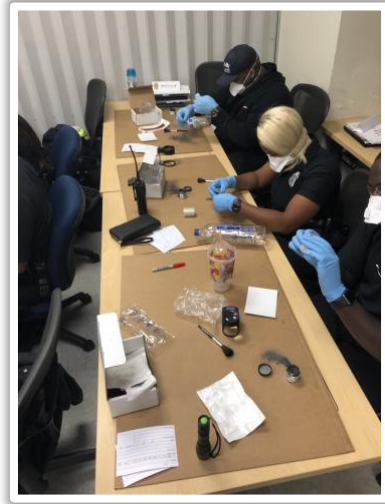

Crime Scene Identification

“For Law Enforcement Professionals”

The Homicide Investigation

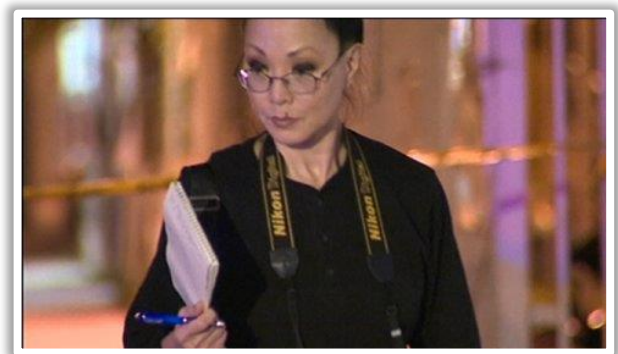

The Investigators will cover the procedures, follow ups and structure of the homicide investigation as a team and individual investigator duties working with crime scene investigators, and the case preparation with prosecutor, the investigators will be taught techniques on interviews and interrogations of witnesses and offenders. Investigator will study and analyze homicide case studies.

Fingerprint processing

Medical Postmortem Examination

Investigators will work with medical examiners and learn to identify cases of natural deaths, suicides, accidental death, unlawful death investigation, gunshot wounds, knife wounds, blunt force trauma, tool mark impressions, body fingerprint processing, time of death identification and procedures for collection of evidence at the medical examiner's office.

Dr. Emma O. Lew

Legal

Investigators will have a clear understanding of the case preparation and court presentation of their homicide investigation. They will understand all laws and legal procedures necessary for taking a homicide investigation into the legal arena. Investigators will work with prosecutors on arrest warrants and search warrants, prefile conferences, depositions, suppression hearings and preparation for trial, as well as learn techniques to testifying in court, and all the procedures for a successful prosecuting and conviction of their case.

Gail Levine, Esq.

**Take your teams investigations to the next level
and obtain the knowledge to closing cases!!**

“For Law Enforcement Professionals”
